“ I got to know Lenny when I was 7 or 8 when I moved to Florida. We stayed at his house till our new house was built. We got along immediately. We used to walk to Church together, a long ways, and we used to walk on the railroad tracks near him cutting up. People would sometimes throw their old TVs out by the railroad tracks. We would walk along and see these TVs and throw rocks at them and watch them explode and just crack up. They had tubes back then. When we moved, he moved around the corner from us. He was in my 5th grade class. He could make me laugh all day. He had a "Adams Apple", and he would just make that thing move around and I would be rolling on the ground in laughter. Not only was he funny but I remember being in class and forgetting my lunch or lunch money and he would share it with me. It was to bad he moved so I only was with him when I was young. But I never forgot him. He brings back memories of my early youth in Miami when we had such good times. RIP Lenny.....keep them laughing.

“ There are so many great memories I have of my Dad. His love, support, and humor surpass that of anyone I know. He loves his grandbabies Tyler, Ryan and Mackenzie to no end, and wanted nothing more but to see his children happy and healthy, he adores his son in laws Mark and Chris. He LOVED all his dogs, they were also his babies especially Sandy and Snow.

Dad was very hardworking and always wanted the best for us.

One small memory but always cracks me up, was when him and Mom got home from the grocery store and Deirdre was over (as usual) lol, we were looking for snacks as they were unloading the bags, so he asked Deke if she liked slim Jim's, she said yes, so he opened the slim Jim's and gave her some, after she ate a bite he showed her it was dog treats. Her face though! unforgettable!

Love you Mostest Dad! Rest in Peace sweet man. I will treasure every memory deeply, Forever!
