“ I truly am at a loss. I feel as if a part of me has been lost. we were great friends, dated off and on in the early years but were much better as friends. We would have long gaps in communication but felt as if no time had passed when we next spoke. we were always there for each other in one way or another. I have loved her since we first met in 1990 and still have love for her. rih miss heidi. Love always, till we meet again.

“ Aunt Heidi is not my blood but that couldnt make us any closer. She was such a strong beautiful soul. I am beyond blessed to be able to say that she was not only a huge part of my life but she positively impacted my life immensely. She always seemed to put a smile on my face. every single day I woke up to her calls and texts everyday saying things like “wakey wakey love bug coffee is done.” Sheesh this really hit deep. I love you so much Heidi Hi Hi Hi. Definitely gone too soon. Rest easy love❤️🙏

“ My Aunt Heidi was always there to listen to my burdens when she already had so many of her own but she would always remind me I am a beautiful woman and said she would call me a porcelain doll when i was a baby. She was a great person with a hard life and i will never forget her.
