“ It was so good to reconnect with you. You were one of my longest dearest friends. I have pictures of us in 1st or 2nd grade classed together. It was good reminiscing with you about our fun times at your parent's river cabin, going to the movies alone that we were too young to go to but sat through them several times, riding the bus downtown before the malls, slumber parties, prank calls, giggling and laughing keeping your parents up. I could go on and on. You will be missed my friend. I know you are happy and healthy now. You are with all of your loved ones that have gone before you. Until we meet again. <3
