Marissa I don't remember a single time that I saw you at class or outside of school that you didn't have a smile on your face. You were so excited about your newest grandbaby last semester and so proud of yourself in school because you were doing fantastic and I was so proud of you as well! I am proud to call you my friend I cannot believe that you are gone but god has his plans and he needed an amazing angel. You were so kind and thoughtful and always shared your snacks in class. I am truly going to miss you and have been praying for your family. To your family my condolences and prayers go out to you all. I know this is and extremely tough time and even though you don't know me if there is anything I can ever do feel free to reach out to me.
