Peggy always thought of your family as part of hers. I am glad I got to know you guys as well. There is usually a reason why things happen but there is no reason why it had to happen to her. Everyone always thought of us as twins but we were not. We have think a lot alike and one thing I know is she loved you guys very much.

“ *I was introduced to Peggy by Tracey Ellis when I was in highschool. The three of us became inseperable. We played basketball for Manual H.S. She was a sweetheart. If she loved you you were loved for life. A month before she passed she messaged me telling me how much she loved me and we laughed about old times. I had no idea she was saying good bye. I will always love and cherish our sisterhood and friendship. Good bye my dearest sweet sister and friend💜*

“ I have a lot of good memories working with Peggy over the years. From Randall's to Cub Foods and then to Shop n Save. She had a big heart and loved her family and friends. I loved keeping in touch after Shop n Save closed and she shared family photos. I will greatly miss her and hope to see her again one day.
