“ *I am so very sorry for your lost. I do not know if you remember but Sarah and I used to be very good friends. We were neighbors when you lived in Henry and she was the most kind hearted person. We always had a good time together and always were hanging out. Fly high Sarah. Prays for your family.*

“ *Tammie, Jack, and boys,*

*The world was lucky to have Sarah. It isn't fair to take her from you, but she must have important work to do elsewhere. We enjoyed every minute we spent with her. Her smile and kindness brought happiness to my girls who look forward to seeing her during every visit. You are all in our thoughts and we will keep our eyes open for signs of Sarah's continual influence during this next phase of her journey. We love and miss you all.*

“ Sarah was loved by many and will continue to be loved by many. She had a beautiful smile and loved to tell stories about her family. Six flags was a blast with her because she was such a deardevil and you could truly tell she was having a blast all day from the smile on her face. I loved getting to know Sarah and she will always have a special place in my heart.
